

Day 1, 8<sup>th</sup> December 2016

07:30 - 08:00

Registration

Quran – National Anthem

08:00 - 08:30

M. Mehrad

Welcome Message

H. Madersbacher

Why do we need INUS

A. Basiri

Welcome message from I.U.A

R. Malekzadeh

Welcome message from MOH

Session 1

Chairs: H.Madersbacher, M.A. Zargar, A.Basiri, M. Nowroozi

08:30 - 08:50

Neuroanatomy, Neurophysiology & Neuropathophysiology of the Lower Urinary Tract

H. Madersbacher,  
INUS,  
Innsbruck, Austria

08:50 – 09:05

Cerebral control of the lower urinary tract-what do we know in 2016?

J. Panicker, INUS,  
London, UK

09:05 – 09:25

Diagnostic workup in patients with (suspected) neurogenic bladder

D. Castro- Diaz,  
INUS  
Teneriffe, Spain

09:25 – 09:40

Urodynamic obligatory for all patients with neurogenic bladder?

M. Emami,  
Tehran, Iran

09:40 – 09:45

FAQ

## Day 1, 8<sup>th</sup> December 2016

09:45 - 10:30

### Opening Ceremony & Coffee break

#### Session 2

Chairs: Gh. Pourmand, L. Amini, F. Sharifi Aghdas, E. Kocjancic, B. Schurch

10:30 – 10:40

Neurogenic Bladder: prospective of the affected patients and patient attendance 10 years' experience

F. Sharifi Aghdas  
Tehran, Iran

10:40- 10:50

Neurogenic bladder the point of collaboration of neurosurgeons and urologists

A. Rahimizadeh  
Tehran, Iran

10:50 -11:10

Neurogenic Overactive Detrusor - management strategies: an overview

E. Kocjancic, INUS  
Chicago, USA

11:10 -11:30

Neurogenic Underactive Detrusor - management strategies: an overview

H. Madersbacher,  
INUS  
Innsbruck, Austria

11:30- 11:45

Anti Muscarine & Beta 3 Receptor Agonists

D. Castro- Diaz,  
INUS  
Teneriffe, Spain

11:45 – 12:00

Botulinum Toxin A

F. Sh. Aghdas  
Tehran, Iran

12:00 – 12:20

Electrical Neurostimulation / Neuromodulation

Th. Kessler, INUS  
Zürich, Switzerland

12:20– 12:40

Tibial Nerve Stimulation – the Iranian Experience

A. Nikfalah,  
S. Ebrahimi,  
Tehran, Iran

12:40– 13:00

Bladder Augmentation /Substitution, Urinary diversion, Catheterisable Continent Stoma

E. Kocjancic, INUS  
Chicago, USA

13:00 – 13:15

Neurogenic Bladder: Management for urologic problem & renal failure

N. Simforoosh  
Tehran, Iran

13:15 – 13:30

### Discussion

13:30 – 14:30

### Lunch & pray

Day 1, 8<sup>th</sup> December 2016

Session 3

Neurosurgery

LUTS in patients with supraspinal, spinal and spinal-cord pathology

Chairs: A. Rahimizadeh, R. Mullahosseini, M. Taghipour, A. Nikfalah, H.Saberi

14:30 – 14:45	Supraspinal lesions and spinal cord pathology: differential diagnosis for LUTS	S. A. Javadi Tehran, Iran
14:45 – 15:00	Upper degenerative spinal disorders (cervical, thoracic) and Lower Urinary Tract Symptoms (LUTS)	R. Mullahosseini Tehran, Iran
15:00 – 15:15	Lower degenerative spinal disorders (lumbosacral) and Lower Urinary Tract Symptoms (LUTS)	Kh. Rastgar Tehran, Iran
15:15 – 15:30	Neurogenic bladder in spinal cord injury	H. Saberi Tehran, Iran
15:30 – 15:50	Case discussion Chairs: A. Basiri, S.A Javadi, G. Sharifi, H. Soofiani, M. Mehrad	
15:50 – 16:00	Coffee break	
16:00- 17:00	Round Table: Latest evidence and recommendations on Intermittent Catheterisation with Q & A Chairs: A Basiri, H. Madersbacher	
	Overview of bladder emptying methods in neurogenic lower urinary tract dysfunction	N. Simforoosh Iran
	The history, technique and evidence of intermittent catheterization	D. Castro-Diaz Spain
	Guideline recommendations on IC as the Gold standard	Th. Kessler Switzerland
	Recent evidence on IC catheter types and designs	H. Madersbacher Austria
Discussion: Issues of interest		

## Day 1, 8<sup>th</sup> December 2016

### Session 4

#### Neuroradiology

Chairs: J. Shokoohi, M. Ghafouri, A. Honarbakhsh, Th. Kessler

17:00 – 17:10	Role of Imaging in Neuropathic Patients	H. Hadizadeh Tehran, Iran
17:10 – 17:20	Dynamic and Static M.R.I of Pelvic Floor	M. Ghafoori Tehran, Iran
17:20 – 17:30	Neuro Monitoring of Spine Disorders	F. Naderi Tehran, Iran
17:30 - 17:50	Video urodynamic or Urodynamic for the evaluation and follow - up of neurogenic bladder patient?	Th. Kessler Zürich, Switzerland
17:50-18:15	<b>Panel &amp; Case Discussion: How do you report the 'urodynamic findings without imaging?</b> Chairs: M. Zargham, Th. Kessler, H. Madersbacher, F. Sharifi Aghdas	
20:00	Gala Dinner / Milad Tower	

**Day 2, 9<sup>th</sup> December 2016**
**Session 5:**
**Pediatric Neurourology**
**Chairs: M. Ayati , H. Arshadi, H. Madersbacher, A. Ghafoori, B. Schurch**

08:30– 08:40	Congenital Neurogenic Bladder – Myelodysplasia, Sacral Dysplasia	A.M. Kajbafzadeh Tehran, Iran
08:40 – 08:55	Hydrocephalus & Tethered Cord Pediatric and Neurosurgical Aspects	F. Nejat Tehran, Iran
08:55 – 09:05	Urodynamic Studies in neonates and infants: 19100 Cases A Single Center Experience	P. Hekmati Shiraz, Iran
09:05 – 09:15	Botulinum Toxin A in Pediatric Neurogenic Bladder and Bowel	S. Ladi Seyedian Tehran, Iran
09:15 – 09:30	<b>Pediatric Case Discussion</b>	

**Session 6:**
**Neurology**
**Interdisciplinary Session**
**Chairs: S. Hashemi Fesharaki, G. Pourmand, M.R Nikoobakht, M.A Sahraian, A. Ghafoori, M.R Motamed**

09:30 - 09:45	Demented patients with LUTS * The most frequent types of dementia and clinical characteristics, incl. LUTS * Management of LUTS	J. Panicker, INUS London, UK H. Madersbacher, INUS Innsbruck, Austria
09:45 – 10:00	Stroke * What the urologist should know about the neurology of stroke * What the neurologist should know about bladder and bowel dysfunction in stroke patients	M. Gheini Tehran, Iran D. Castro-Diaz, INUS Teneriffe, Spain

## Day 2, 9<sup>th</sup> December 2016

10:00- 10:10	Parkinson Disease (PD) patients with LUTS * Management algorithm of PD in 2016 * LUTS caused by PD and /or comorbidities – how to proceed?	J. Panicker, INUS London, UK
10:10 – 10:20	Multiple sclerosis * What the urologist should know about neurology of MS * What the neurologist should know about LUTS in MS	J. Panicker, INUS London, UK Sh. Alaie Tehran. Iran
10:20- 10:30	Diabetic cystopathy * Metabolic aspects * Urological aspects – symptomatology and therapy	B. Larijani, S. Sharghi, Tehran, Iran
10:30 – 11:00	Coffee break	
<b>Session 7: Colorectal Session</b> <b>Chairs: F. Pakravan, R. Azizi, H. Youseffam, S. Mohammadpour , A. Alansari</b>		
11:00- 11:10	clinical assessment & diagnosis of fecal incontinence	H. Yosef fam Tehran, Iran
11:10- 11:20	patient selection & treatment evaluation	S. Sotoudeh Nia Tehran, Iran
11:20- 11:30	neurogenic fecal incontinence	S. Mohammadi pour Tehran, Iran
11:30- 11:40	methods of surgical treatment of fecal incontinence	R. Azizi Tehran, Iran
11:40- 11:50	- SNS in treatment of fecal incontinence - Magnetic anal sphincter augmentation in patients with fecal incontinence	F. Pakravan Dusseldorf, Germany

**Day 2, 9<sup>th</sup> December 2016**

11:50 – 12:00	<b>Colorectal Case Discussion</b>	
12:00 – 12:15	Recurrent UTI in neurogenic bladder, antibiotics only	H. Madersbacher, INUS Innsbruck, Austria
12:15- 12:45	<b>Abstract Presentation</b>	
	Chairs: Th. Kessler, B. Schurch, M.S. Rahnama'i	
12:45 -13:00	Bladder Cancer in Neurogenic Patients	Th. Kessler, INUS Zürich, Switzerland
13:00 – 13:30	<b>Multidisciplinary Panel &amp; Case Discussion</b> Practical Approach of N.B Chairs: F. Sharifi Aghdas, Th. Kessler, A. Basiri, A. Rahimizadeh	
13:30 – 14:30	Pray and Lunch	
<b>Session 8:</b> <b>Neurogenic Urinary Incontinence</b> Chairs: J. Hosseini, A. Al Ansari, M. Yazdani, A.M Ziaee		
14:30- 14:40	Neurogenic urinary incontinence: different pathophysiology, different therapies	D. Castro-Diaz, INUS Teneriffe, Spain
14:40- 14:50	Neurogenic Male Incontinence	E. Kocjancic, INUS Chicago, USA
14:50- 15:00	Continenence/Incontinence after Prostatectomy and Urethroplasty	J. Hosseini Tehran, Iran
15:00- 15:15	The Role of Bulking agents (Urodex) in Urinary incontinent Patients	D. Castro-Diaz, INUS Teneriffe, Spain
15:15- 15:30	<b>Case Discussion</b>	

## Day 2, 9<sup>th</sup> December 2016

### Session 9:

#### Pelvic Floor Rehabilitation for Neurogenic LUT Dysfunction

Chairs: A. Basiri, M. Seleme, F. Dehghan, M. Emami, M.S. Rahnama'i

15:30- 15:45	The value of PFM-Training/Reeducation for neurogenic LUT dysfunction- Indications and Techniques	M. Seleme Maastricht, Netherland
15:45- 16:00	The Value of Neuromodulation in neuropathic Patients (PTNS)	F. Dehghan Tehran, Iran
16:00- 16:10	Ceiling and Floor of Pelvic Floor& their relation with diaphragm Pulmonologist Aspect	M. Mokhtari Tehran, Iran
16:10- 16:20	The value of Bladder-Training	M. Seleme Maastricht, Netherland
16:20- 16:30	Case Presentation By F. Dehghan	
16:30- 17:00	Coffee break	

### Session 10:

#### Neurogenic Sexual Dysfunction

Chairs: A. Ghafouri, J Paniker, E. Kocjancic, M. Mehrad

17:00-17:15	Sexual dysfunction with cerebral diseases	J. Panicker, INUS London, UK
17:15-17:30	Sexual function and dysfunction in Female Neuropathic Patients	M. Mehrad, INUS Tehran, Iran
17:30-17:45	Neurogenic erectile dysfunction – pathophysiology and management	E. Kocjancic, INUS Chicago, USA
17:45- 18:00	Fertility in neuropathic patients	E. Amini Tehran, Iran

**Day 3, 10<sup>th</sup> December 2016**

08:00 -08:30	Surgery for neurogenic lower urinary tract dysfunction	D. Castro Diaz Tehran, Iran
08:30 -08:45	Minimal invasive surgeries for neurogenic urinary incontinence	M.S. Rahnama' i Maastricht Netherland
08:45 -12:00	Live surgery and lectures Chairs: S. Hajebrahimi, F. Sharifiaghdas, L. Amini	
12:00 – 12:15	<p><b>Closing Ceremony</b></p> <p>M. Mehrad, Congress Organizer and Th. Kessler, Vice President of INUS</p>
